# Welcome to the Fathom Management Standard Edition PDF Documentation

For best results when using the PDF files, install the Adobe Reader. You can download the Reader from the following location on the Adobe Web site:

<http://www.adobe.com/products/acrobat/readstep2.html>

If you want full search capability, choose to install the expanded version of the reader. Full search capability allows you to search across the Fathom Management documentation set on either the documentation CD or a local file system.

## Using the Fathom Management PDF Documentation

Fathom Management PDF documentation provides several features including:

- Easy access to external information resources.
- **Search** button in Adobe Reader to search across all books in the Progress OpenEdge documentation set.\*
- **Print** button in Adobe Reader to print the PDF file.

\*To search and jump across books on your local file system, copy the PDF files from the CD to your machine. You must copy all of the files and directories from the CD to your machine in the same directory structure that is defined on the CD. For Windows platforms, we've provided a self extracting ZIP file called `pdfcd.exe` for this purpose. This file is located in the ZIP directory on the PDF CD. To extract the files, simply double-click the `pdfcd.exe` file.

# Fathom Management Documentation:

To open a PDF file, click on the book title in the following list:

*Welcome to Progress Fathom Management Standard Edition*

*Installation and Configuration Guide*

3067 GG Rotterdam

The Netherlands

Standard hours of operation are 8:00am CET to 6:00pm CET

E-mail: [emeasupport@progress.com](mailto:emeasupport@progress.com)

# Knowledge Center

The Knowledge Center allows customers to ask questions in plain English and receive direct answers. The Knowledge Center has been tailored to answer questions based on the specific content that has been indexed; it does not search the entire Web for information about any given topic. The Knowledge Center searches Solution entries created by Progress Software Worldwide Technical Support plus the old archived knowledge base entries, online Progress documentation and whitepapers. To enter the Knowledge Center, use the Knowledge center web site:

[Knowledge Center](#)

## **Finding Training**

Progress Education Services offers a complete, task-based, hands-on curriculum for core OpenEdge products. Both classroom training and nonclassroom alternatives are available. Education Services continually offers new courses to address the pressing needs of our user community. For up-to-date information, use the following Progress Software Corporation Education Services Web sites:

[Training Options](#)

[Education Services](#)

[Web-based Training](#)

## **Other Resources**

The Progress Software Developer's Network (PSDN) is a service designed to deliver to developers the information and resources for creating best-of-breed business systems with Progress technology. To find technical reports, up-to-date product information, and a gateway for participating more actively in the Progress developer community, use the following PSDN web sites:
