

Welcome to Progress OpenEdge DevOps Framework 2.4 Documentation

- To launch an OpenEdge DevOps Framework book in Adobe Reader, click the title of the book.
- To search for an expression in the entire OpenEdge DevOps Framework documentation set, perform an Advanced Search operation by opening the **oedfidx.pdx** file located in the documentation set folder (oedf-pdfs-24). When performing an Advanced Search, ensure that the **In the index named oedfidx.pdx** radio button is selected in the Search dialog box.
- OpenEdge DevOps Framework books are also available on docs.progress.com.
