Welcome to Progress OpenEdge MCP Server Release 1.1 Documentation

- To launch an OpenEdge MCP Server book in Adobe Reader, click the title of the book.
- To search for an expression in the entire OpenEdge MCP Server documentation set, perform an Advanced Search operation by opening the **oemcpidx.pdx** file located in the documentation set folder (oemcp-pdfs-11). When performing an Advanced Search, ensure that the **In the index named oemcpidx.pdx** radio button is selected in the Search dialog box.
- OpenEdge MCP Server books are also available on docs.progress.com.
