

Welcome to Progress OpenEdge Pro2 Release 6.4 Documentation

- To launch an OpenEdge Pro2 book in Adobe Reader, click the title of the book.
- To search for an expression in the entire OpenEdge Pro2 documentation set, perform an Advanced Search operation by opening the **pro2idx.pdx** file located in the documentation set folder (pro2-pdfs-64). When performing an Advanced Search, ensure that the **In the index named pro2idx.pdx** radio button is selected in the Search dialog box.
- OpenEdge Pro2 books are also available on docs.progress.com.
